March 2009

Dear Members:

Welcome to a new season of outdoor tennis at Sedgwick Tennis Club. We are hoping to open by May 1st this year. However, this depends on how soon the snow stops and melts, and when we can have OKIE Court Systems start working on getting the courts resurfaced for the coming season. Our website will have the opening day posted as soon as we can make a decision on when that will be. We will be redoing the court surface to maximize your playing experience on superior clay courts.

The membership rates have changed for the upcoming season. Please see attached sheet. We look forward to seeing you at Sedgwick this season and are working hard to extend the outdoor playing season from early spring to late fall.

Sincerely,

Naveen Singh
