The tournament division format is based upon age and not NTRP rating. However, the 55 and 65 age divisions will be a round robin format using alternate scoring, which will allow all skill levels to be competitive and have ample playing time. The tournament director reserves the right to modify/change any tournament divisions based on final player signups. The tournament is a tuneup for the Empire State Games starting June 1. If you need a doubles partner, please note on your registration and we will try to get a partner. This is a USTA/Eastern Senior Tournament played on red clay at the historic Sedgwick Farm Tennis Club. For online registration, use # 100104509.

This tournament is a perfect tune-up for the Empire State Games held the following week. You are limited to two events. The dress code at Sedgwick Farms requires a white shirt or top. T-shirts are permissible, and a small non-white logo or letter on a white shirt is ok.
